## State Fair Has Biggest Crowd For Opening

Attendance On Sunday 71,629  
Long Lines of Cars Bring In Crowds

Clear skies and a moderate climate accompanied the opening of the 1950 Missouri State Fair here Sunday as 71,629 persons passed through the gates during the day, setting an attendance record for a fair opener.

Rollo E. Singleton, acting secretary of the Fair, stated that earlier attendance figures showed an increase of 15 per cent over 1949. The official attendance figures for Sunday topped last year's 63,800 by a margin of more than 7,000.

### Long Lines of Cars

Cars entering the seven gates throughout the day formed long lines along the roads leading to the grounds. One line of automobiles on south Highway 65 was nearly two miles long. New parking lots within the grounds were used for the first time this year, as were two new gates, one located on Highway 65 at Twentieth street and another on the north side of the swine pavilion.

### Added Parking Spaces

A 40-acre tract, recently acquired by the state, and the Boy Scout camp site have both been turned into parking areas and a third parking spot, east of the race horse barns, were filled to capacity. These lots were used in addition to the parking space occupied in previous years.

From early morning and continuing into the evening all exhibit buildings and independent displays were crowded with interested fair visitors.

Some of the main points of interest visited during the day were the 4-H, Boy Scout, and Girl Scout exhibits, the swine pavilion, agricultural barns and the state garden display.

Equally enthusiastic crowds spent the day at the Johnny J. Jones Exposition and in the farm implement and rural display tents.

### Biggest Opening Day

Charles W. Green, former secretary of the Missouri State Fair, Sunday night said, "I have never seen so many people on the fair grounds and I am confident that it is a record-breaking crowd. There were more people here than any opening day that I can remember and I was secretary of the fair for nearly twenty years and I have attended practically every Missouri State Fair."

Gordon Potter, superintendent of parking, remarked "there were more automobiles on the grounds, on the fair parking lots and outside the gates than I ever recall being at the fair. To me it is the biggest day I ever saw at the Missouri fair." Potter has been superintendent of this department for nearly ten years.

Rollo E. Singleton, acting secretary of the fair, said, "we checked the figures up to the last minute, and according to financial returns they show an attendance of 71,629. This includes all season tickets such as exhibitors and concession books." I have been coming to the fair and working in an official capacity for many years and it's the biggest day I can recall in attendance."

### Nurses' Caps To Fair

On display at the Missouri State Fair in Sedalia this year will be the caps from each of the 26 accredited schools of professional nursing in Missouri. The exhibit is a part of the Recruitment Booth sponsored by the Missouri State Nurses' Association and will be in the Education Building at the Fair Grounds.

The nurse's cap has become a definite tradition in each school of nursing, and most caps have an individuality which makes it possible to immediately identify the training school of each graduate nurse. The histories behind each cap are as varied and as interesting as the designs themselves.

In addition to the display of the nurses' caps, information regarding Missouri's Schools of Nursing will be available at the booth. Miss Anne G. McKee, R.N., assistant executive secretary of the Missouri State Nurses' Association, Jefferson City, will be in charge of the exhibit, and students from the schools of nursing will also be in attendance.

### A National Goal of the Committee

## Coats and Blankets Brought Into Use

Record breaking August weather brought out coats and blankets over the week-end, with the temperature during the night Sunday night doing down to 48 degrees.

Even at midday today coats and suits felt good. It took some of the people who stayed for the night shows at the fair half the morning before they thawed out. But the sun is shining brightly today and the temperature by 2:00 o'clock had climbed to 73 degrees.

## Red China Demands UN Recognition

LAKE SUCCESS, Aug. 21.—(AP)—Red China made a formal demand today for representation in United Nations Korean discussions.

The demand was presented in a telegram from Foreign Minister Chou En-Lai to U.N. Secretary-General Trygve Lie and to Russia's Jakob A. Malik, August president of the Security Council. The telegram was circulated as the council delegates prepared to meet in another informal closed-door session to consider the procedural stalemate over Korean representation. The China representation issue has been linked to the question by Malik.

## Patrol Has A Detail of 60

Plane Is Used To Help Control Traffic As Needed

The Missouri State Highway Patrol detail are working day and night handling police and traffic conditions in and around the State Fairgrounds. Sixty patrolmen and officers have been assigned to the Fair this year along with 35 pieces of equipment.

Twenty-eight patrol cars and seven motorcycles are in use on the grounds. The highway patrol airplane is also being made available to control traffic conditions, around the fairgrounds, from the air.

Those patrolmen assigned to the Fair this year under Lt. C. R. Oliver are:

W. E. Anderson, Miller Asbury, F. E. Barnes, W. S. Barton, E. S. Brady, R. G. Breid, W. C. Brooks, R. W. Brown, R. E. Butler, T. D. Cameron, L. R. Carter, J. T. Cassidy, R. C. Caldwell, A. F. Closson, D. E. Crites, J. R. Davis, R. E. Davis, N. L. Eader, H. A. Ellenberger, J. G. Felner, W. H. Fischbeck, A. J. Gates.  
R. L. Hagerty, C. E. Harris, J. R. Hightower, F. D. Holley, P. M. Inman, C. W. Keith, R. R. Kennison, A. H. Leslie, F. S. Letterman, O. S. Liley, R. S. Lukenbill, W. A. Mabe, W. J. Maloney, D. E. Millisap, W. E. Mumford, J. L. Murphy, R. D. Nichols, C. R. Oliver, T. W. Pasley, J. R. Phillips, C. A. Phole, R. D. Purdy.  
M. R. Randall, K. A. Rennells, J. C. Rhoades, R. M. Rider, V. G. Schacher, J. C. Smith, W. L. Smith, F. L. Staggs, C. F. Stone, C. L. Thompson, George Thurmond, N. E. Tinnin, M. R. Tomlin, C. W. Tucker, R. L. Usher and J. T. Wilson.

## Casualties To Missourians

WASHINGTON, Aug. 21.—(AP)—The defense department has announced the following Missouri casualties in the Korean area (all army personnel) (lists No. 69-70):

Killed in Action:  
M/Sgt. Bryan Kent Riggs, son of Mr. and Mrs. Verne P. Riggs, Kansas City.

Wounded:  
Pfc. Grover M. Lacer, son of Mrs. Marie Lacer, Bucklin, Linn county.

Cpl. Donald C. McGowan, son of Robert P. McGowan, Bernie, Pfc. Floyd Dean Sizemore, son of John A. Sizemore, Laredo.

Pvt. Billie R. Austin, son of Mrs. Gussie Mae Austin, Independence.

Injured:  
Second Lt. Eugene E. Sellman, husband of Mrs. Helen P. Sellman, residing in Far East command, brother of Warren W. Sellman, Warrensburg.

Pvt. Jackie G. Berrier, son of Mrs. Irma E. Berrier, Carrollton.

First Lt. Jerome B. Christine, husband of Mrs. Jane F. Christine, residing in Far East command, son of Carl H. Christine, 5218 Jamieson, St. Louis.

Pfc. Adin Charles Norris, Jr., son of Mrs. Eva Mae Norris, Kansas City.

## Boy Fatally Injured In Collision of Cars

FULTON, Mo., Aug. 21.—(AP)—A 10-year-old Kansas City, Kas., boy was injured fatally yesterday in a two-car collision east of Kingdon City, Mo., on U. S. Highway 40.

The child, Andrew Zettwoch, Jr., died in a hospital here last night.

His father, Andrew Zettwoch, was reported in "very serious" condition at the hospital.

Mrs. Zettwoch and three other children also were traveling in the automobile.

The occupants of the second vehicle involved were Daniel Hartz of Warrensburg, Mo., his wife, Mary Katherine, and a son, Gary Lee, 5.

## Trainmen At Three Points Out

Called For Five Days In Nation Wide Strike

WASHINGTON, Aug. 21.—(AP)—Trainmen walked out in three key terminals today, and President Truman called on his top labor adviser to make another effort to head off a nationwide railroad strike.

He ordered John R. Steelman, presidential assistant, to get representatives of the railroads and unions together in another attempt to reach an agreement.

Charles G. Ross, presidential secretary, said "Mr. Truman then will review the situation again before deciding what to do next."

"If this fails," a reporter asked, "isn't seizure the last resort?"

"You will have to draw your own conclusions," Ross said.

The president, Ross said, directed Steelman to make "further efforts this afternoon to bring the contending parties together to seek an agreement."

The country-wide dispute is over wages and hours. Today's strikes were called for five days.

Trainmen said the idea is to call attention to the fact that the dispute has dragged on for almost a year and a half without a decision.

### Freight By Truck

Here is where the men went out:

In Louisville—250 switchmen on the Kentucky and Indiana Terminal railroad left their jobs. All of the road's 1,200 employees were idled. A union official said the walkout was 100 per cent effective.

Where possible, less-than-carload freight shipments were handled by truck. Passengers were transferred by bus from Louisville to New Albany, Ind.

In St. Paul—175 employees of the Minnesota Transfer railway company.

## 1950 State Fair Program

7:30 p.m. Second night of the Missouri State Fair HORSE SHOW.  
FIREWORKS immediately following the HORSE SHOW. (First night of fireworks, staged by Thearle Duffield Fireworks Company, Chicago.)  
Johnny J. Jones, world's largest midway—thrilling rides, tented shows, motordrome.

### TUESDAY, AUGUST 22

Harness Races (St. Louis Day) Judging  
8:00 a.m. Grounds and buildings open to fair visitors.  
Johnny J. Jones, world's largest midway—thrilling rides, tented shows, motordrome.  
Agricultural and commercial exhibits open throughout grounds.

12:30 p.m. MASSES HIGH SCHOOL BANDS Parade  
6:15 p.m. MASSES HIGH SCHOOL BANDS Concert

### GRANDSTAND

1:30 p.m. Grand Circuit, HARNESS RACES. Feature events for the day are Robert T. Thornburg Class Trot and Greater St. Louis Purse. Harry Pyle Starting Gate. Harry Kaufmann's WDAF band, afternoon and evening, featuring Marlys Ann Watters, State and Radio Star.

8:00 p.m. Grand opening of STATE FAIR REVUE before the grandstand. Music, dancing and comedy features. FIREWORKS will follow the STATE FAIR REVUE.

### COLISEUM

7:30 p.m. The MISSOURI STATE FAIR HORSE SHOW transfers from Grandstand to Coliseum.

## Show For Visitors To Fort Wood

FT. LEONARD WOOD, Mo., Aug. 21.—(AP)—National Guardsmen of the 35th Division yesterday put on a show for a throng of visitors estimated at more than 10,000.

The guard members from Missouri and Kansas are here for annual summer training. The estimate of yesterday's crowd was made by military police.

During the day the visitors toured the post, inspected displays of military equipment, ate with guardsmen in company mess halls and watched a parade.

The parade honored the senior army instructors for Missouri and Kansas. The officers, Col. Clinton L. McClure of Jefferson City, and Col. George I. Smith of Topeka, are scheduled to retire soon.

## Start Official Vote Canvass

JEFFERSON CITY, Aug. 21.—(AP)—The official canvass of Missouri primary election votes started at 10:30 a. m. today, but the final count is not expected to be ready before tomorrow.

Gov. Forrest Smith and Secretary of State Walter Toberman were on hand to start the tabulating. Toberman opened the first few envelopes from county canvassing boards, then adding machine operators took over the task of checking the figures.

Paul Markway, chief clerk, said there was little likelihood the tabulations would be completed today.

The major race being checked is the Democratic contest for United States Senator. Unofficial tabulations compiled by the Associated Press showed Thomas C. Hennings, Jr., of St. Louis, won the nomination over State Senator Emery W. Allison of Rolla by more than 3,300 votes.

Hennings will face Republican Sen. Forrest C. Donnell of Webster Groves in the November general election. Donnell had only token opposition in the primary.

Votes for state auditor, state senator and circuit judge also are being counted.

## Throngs Visit At Highway Gardens

Travelogue Is One of Its Most Attractive Features

More than 50,000 persons visited the Missouri State Highway Department's "Highway Gardens" exhibit at the State Fair, according to estimates by Floyd Sayers of the department's maintenance bureau. Sayers has directed setting up of the exhibit for several years and based his count both on personal observation Sunday and experiences in former years.

Approximately 2,500 of the 1950 official Missouri road maps issued by the highway department were distributed to fair visitors at the Gardens, given out at the department's information booth. Maps of a dozen other states, and of both Mexico and Canada also were supplied upon request by persons planning trips to those points in the near future.

### Travelogue Attractive

The travelogue exhibit featuring states along and west of the Mississippi river, and of Canada and Mexico, won many commendations from visitors, who stopped at the information booth to report this year's display the finest ever. Also organ music, provided throughout the day and evening by Mrs. Percy Metcalfe and Mrs. Fred Ross, well-known Sedalia musicians, proved popular, with the 100 chairs and other resting places provided in the exhibit tent filled throughout the day.

As was the case last year, the Ozark homestead scene also drew top interest, with the viewing platform packed at all times and until late evening, sometimes almost 100 persons being in the crowd discussing the scene and the memories it recalled to them.

The actual Garden exhibits themselves, with a Totem Pole, Indian tepee and Texas cacti as additions this year, were not missed. The Totem pole and Indian tepee proving a popular background for camera shots throughout the day.

## Enormous Red Losses Fail To Halt Attempts To Crack U. N. Lines

## Ground Broken At Church Site

Address Given To About 200 At The Ceremonies

The ground-breaking ceremonies for the new Calvary Baptist church, Sixteenth street and Quincy avenue, Sunday afternoon were attended by about 200 people from Sedalia and Pettis county. Among the group were a number of pastors of other Baptist churches in this vicinity and also from other faiths.

The Rev. H. L. Alley, pastor of the church, presided, with the ceremonies opening with a song service at 3:00 o'clock led by Rev. Donald Moberg.

Devotions were given by Rev. W. P. Arnold, pastor of the East Sedalia Baptist church, and special music was by the Bradley sisters.

A short talk was given by Mayor Herb E. Studer, followed by one by Rev. T. W. Croxton, pastor of the First Baptist church. Mrs. Bessie Taylor, the church clerk, read a brief history of the Calvary Baptist church, after which there were special numbers by the male quartet of the First Baptist church.

The principal address was given by Dr. T. W. Medearis, state secretary of the Missouri Baptist General Association.

The ground for the new church which will be located at Sixteenth street and Quincy avenue, was then broken by B. B. Bradley and Dr. T. W. Medearis.

The ceremony closed with the benediction by Rev. J. B. Ragsdale, missionary of the Harmony Baptist Association.

The burial of the jar, which was to have concluded the service was postponed and the jar, instead, will be placed in the concrete of the cornerstone.

The plans of the church are about complete and will be ready for bids. Arthur Schwartz is the architect. Work of excavating will start possibly within a week.

## Allowances Bill Reaches The Senate

WASHINGTON, Aug. 21.—(AP)—A bill to provide monthly family support allowances for dependent wives, children and parents of all enlisted men in the armed services reached the Senate today.

Reporting unanimous approval by the Senate Armed Services committee Chairman Tydings (D-Md.) urged passage "at the earliest possible moment."

Democratic leaders earlier said that the family allowance measure probably will be quickly passed by the Senate this week.

## Would Drop A Bomb On The Kremlin

CHICAGO, Aug. 21.—(AP)—A 38 year old Chicago businessman, leader of the "Christian Action party," volunteered today to fly over Moscow and drop an atomic or hydrogen bomb on the Kremlin.

He is Lar Daly, operator of a stool and chair factory. He says he is founder of the party whose slogan is "War Now With Red Russia." He failed to get on the April 11 Illinois primary ballot as a nominee for U.S. Senator, but is trying to get the party on the Nov. 7 election ballot.

He made his offer in a letter addressed to President Truman and made public today. The letter said the party hopes to be on all state ballots by 1952, and to have a presidential candidate then.

The letter said the party proposes to "save Christianity and world freedom," and it advocates use of the A-bomb and the H-bomb against "the forces of anti-Christ." Daly added:

"As founder and leader of the Christian Action party, I hereby volunteer to accompany the crew of the first American airplane to fly over Moscow and drop the bomb squarely in the center of the Kremlin."

Daly said he asks only that he be allowed to release the bomb personally, so he can bear the "moral as well as the physical responsibility," and that he be first inducted into United States Army or Air Force as a private "with all the privileges, rights and benefits attached thereto, in case of my being killed in action against the mortal enemy of God and America."

## Program By Boy Scouts For Rotary Club

Tell of Experiences In Jamboree At Valley Forge

The Rotary Club met today noon at Bothwell hall at which at which time a Boy Scout program was presented by Harry Lambirth and the following Boy Scouts: Crosby Brown, James Phelps, John Logue, Dick Stohr and Bob Morgan, who told of their recent experiences at the Boy Scout Jamboree at Valley Forge, Pa.

Mr. Lambirth and the Boy Scouts were introduced by Harry Naugel, acting program chairman in the absence of Leonard Peabody.

K. U. Love, president, presided over the meeting, with invocation by Rev. Thomas W. Croxton.

Song leader was Lawrence Barnett.

Guests introduced by W. D. Smith were: Clinton Black, guest of W. B. Rich, Charles Aldon, guest of O. W. Wiley, LeRoy Hancock, guest of Harry Simons, Arthur Morgan, guest of William Wright, Jr., Walter Heine, guest of John Zulauf, Robert Hausam, guest of Keith Yount, John Griesen, guest of Bobbie Ernest Thompson and Rotarians Charles Green, Moberly, Fred Black, Cassville; Eugene Preston, Liberty; Harry J. Simons, Warrensburg, and Willard C. Becker.

Ed Martin, who is leaving soon for Richland, Ore., to reside, made a short talk.

Oscar DeWolf, chairman of the Rural Urban committee, has secured D. Howard Doan, of St. Louis, to be the speaker for the Rural Urban meeting which will be held October 8.

Those who visited other clubs the past week were Guy and Leonard Peabody, Warrensburg; Louis Payton, Higginsville, Tom Henry and Nolan Bricken, Clinton, and Z. Lyle Brown, St. Louis.

### Closing of Offices At The City Hall

The offices on the second floor of the City Hall will be closed all day Tuesday and Thursday and every other afternoon during fair week, as has been the custom for many years.

### Court House Offices Closing for The Fair

The offices at the court house will be closed every afternoon this week and all day Tuesday and Thursday.

### Plenty Chilly at Capital

JEFFERSON CITY, Aug. 21.—(AP)—The temperature dropped to a chilly 43 at 6 a. m. here today—just 11 degrees above freezing.

## Estimate 11,000 To 15,000 Casualties In Three Days—Balk Reds Near Taegu

By Russell Brines

TOKYO, Tuesday, Aug. 22.—(AP)—Communist casualties, totalling a minimum of 11,000 and possibly as high as 15,000 in three days, soared Monday as the North Korean Reds strove in desperation to crack the United Nations defense lines in South Korea.

Despite their punishing losses, mostly in dead, the Red invaders were continuing to mass men and to probe the lines on the central and southern fronts for the big push which Americans predict may be their last. They are under orders from their high command to wipe out the defense by Aug. 31.

At one point north of Taegu on the north central front the Reds made a tough two-mile gain before being halted by a brilliant night air-artillery cooperation. Today, however, General MacArthur's Tokyo headquarters omitted its usual early-morning communiqué, saying the situation had not changed since.

Counter Thrusts Effective  
Significantly, the North Korean communiqué, broadcast by the Pyongyang radio, dropped its usual "total success" theme and complained that the American and South Korean forces "are heavily counterattacking on all sectors."

Tokyo headquarters put the total Red casualties on the entire front Friday and Saturday at 10,092.

This included only an unspecified part of the 3,500 casualties it listed as being inflicted on the enemy in the region north of Taegu alone.

In addition, frontline dispatches reported at least 1,350 enemy dead counted in a single action on the extreme southern front, and a South Korean spokesman reported 2,450 Red casualties inflicted by the South Koreans in recapturing a hill on the northeast flank of the front above Taegu.

South Korean naval forces reported they sank one Red troop and ammunition ship and damaged another off the south coast, causing heavy but undetermined casualties.

Even allowing for many duplications, the North Korean losses were terrific.

Halt Tank Led Column  
The Allies yielded to a tank-led column in only one sector for a two-mile loss a dozen miles north of Taegu on the central front. But there the Reds were stopped by a flare-lit American artillery and plane attack by night. Five Red tanks were destroyed in the action.

The back of this most immediately threatening lunge at Taegu was believed broken by the unusual teaming up of planes with big guns at close quarters.

The night-flying fighter-bombers were guided to their targets by the bright glow of phosphorus shells poured among enemy troops by field artillery.

The other immediate threat appeared to be in the deep south where the Reds were building at Chinju for a new offensive aimed at Pusan, the main Allied port on the southeastern tip of the peninsula.

In fighting over the week-end from tip to tip of the 120-mile long front, the Reds lost nearly 2,000 men in the south, 6,000 on the central front and the balance on the east coast line north of (Please turn to Page 4, Column 5)

## The Weather

Central Missouri: Fair and slightly warmer tonight and Tuesday. Low tonight 55. High Tuesday near 80.

Temperature: 7 a. m. 48 degrees; 2 p. m. 73 degrees.

Lake of Ozarks: 60.0; falling.

### Thought for Today

And he spoke kindly to him, and set his throne above the throne of the kings that were with him in Babylon.—II Kings 25:28.

The picture above shows every available parking space at the Missouri State Fair grounds occupied by the exceptionally large number of automobiles, buses, trucks and other vehicles that conveyed the thousands of visitors to the exposition. The picture also shows a large portion of the grounds in the panoramic view. A continuous stream of cars is shown approaching the main entrance. Other entrances likewise carried heavy traffic. • The Washington Merry-Go-Round

**Mrs. Roosevelt Suggests Truman Replace Secretary Johnson**

By Tom McNamara and Jack Anderson

(ED. NOTE—While Drew Pearson is on a brief vacation, his column will be written by members of his staff.)

WASHINGTON.—President Truman has received some blunt advice from the former first lady, Eleanor Roosevelt, suggesting that he fire Defense Secretary Louis Johnson.

Mrs. Roosevelt expressed her views last week in a confidential letter to the President, following his categorical statement that he would keep Johnson and Secretary of State Acheson in his cabinet as long as he remains in the White House.

Writing as a private citizen, the former first lady suggested that Truman might have qualified this by saying he would keep Johnson and Acheson "as long as they do a good job." She pointed out that every President occasionally finds it necessary to make changes in his cabinet and it isn't a good idea to "freeze" a man in an important position.

Injecting a more personal note, Mrs. Roosevelt wrote that it was apparent to her from the tremendous volume of anti-Johnson mail she was receiving that the public had lost confidence in the secretary of defense. In view of this sentiment and in the interest of national defense, she suggested firmly that Johnson should be replaced.

**Low on Sugar**

This won't be pleasant news to the G.I.'s in Korea, but the home folks' sweet-tooth appears to be stronger than their patriotism. In spite of the appeals against hoarding, the nation's sugar stocks are critically low.

The Agriculture Department's commodity boss, Ralph Trigg, candidly admitted this the other day, testifying behind closed doors of the Senate Banking committee.

"Regardless of how you cut the cloth, there is no sugar available," Trigg reported flatly.

"Nothing has changed except that the sugar is in the pantries of the folks throughout the nation," suggested Indian's GOP Senator Homer Capehart. "The consumption has not increased. It is hoarding that has done this."

"That is true," agreed Trigg. "You will not increase the consumption per person a great deal . . . but there is no sugar available for a great many people who are unable to get it at the retail stores."

NOTE—In the hope that public opinion may still shame the hoarders and profiteers, we have been urging patriotic Americans to organize "home front" committees and to campaign through the local press, radio and civic groups against war greed.

**Rough Going-Over**

Jack Redding got a thorough going-over behind closed doors before the Senate confirmed his appointment as assistant postmaster general.

At one point, Sen. Bill Langer, North Dakota Republican, noted that Redding claimed to be a "writer of fiction."

"Yes, he was director of publicity for the Democratic national committee," dryly remarked Sen. Zales Ecton, Montana Republican.

**Economy Cut**

President Truman won't take the proposed 10 per cent, across-the-board slash in government spending with his bat or his shoulder.

At a recent meeting with federal agency chiefs, Truman strongly indicated that he might send a special message to Congress if the two Houses don't reconsider the 10 per cent reduction.

"This so-called 'economy' cut is one way to destroy government agencies without outright abolition," declared the President. "You can cripple an agency so badly by chopping off its personnel that it cannot do the job. This is a grave situation."

"It's all the graver in wartime," broke in Federal Communications Chairman Wayne Coy. He explained that his agency was engaged in top-secret projects, vital to the war effort.

"We cannot do the job right if we are deprived of key personnel," he added.

"The same applies to my agency," broke in Thomas Buchanan, acting chairman of the Federal Power Commission. "The FPC must see to it that our war plants have enough gas and electric power to keep them going. We must establish a balance between consumer and war use of fuels and power."

Buchanan pointed out that government departments, like agriculture and interior, might be able to withstand the 10 per cent cut by spending less on "construction contracts," such as road-building and reclamation projects. But regulatory agencies, like FPC, would be dangerously crippled, he said.

"I would like to get a memo from all agencies that will be crippled by the 10 per cent reduction," Truman finally decided. "We've got to do something about it—right away."

**GOP "Place"**

House appropriations Chairman Clarence Cannon of Missouri always sees to it that Republicans keep their "place" in committee sessions.

When House and Senate conferees on the District of Columbia appropriation met behind closed doors, Cannon's sharp eye detected GOP Congressman Earl Wilson of Indiana sitting in

"Democratic territory" near the head of the table.

The Missourian crisply ordered Wilson to move to a humbler spot at the Republican end of the table.

"Okay, I'll move," snorted the Hoosier Congressman, angrily pushing back his chair. "It must perplex the chairman to see a thorn among his Democratic roses."

**Iron Curtain Chaff**

Concrete evidence that the Chinese Communists are openly supporting North Korea is contained in a message from Chinese Communist leader Mao Tse-Tung to Korean Prime Minister Kim Il Sung. "The Chinese people warmly support the Korean people in the just war against U.S. imperialist aggression," wrote Mao. . . . Political observers attach significance to reports from the Chinese capital indicating that Mao Tse-Tung left Peking on August 11 for an "unannounced destination." . . . This could mean Moscow or somewhere in Korea. . . . The prestige of the United Nations is still troubling Communist leaders, judging by their propaganda efforts to conceal the fact that Americans are fighting in Korea under the U.N. flag. . . . No reference is ever made to United Nations authorization of American action in Korea. . . . Despite careful censorship, reports are trickling through the Iron Curtain that Communist officials must resort to desperate measures to make labor toe the mark. For example, in Rumania, a recent law has made "illegal appropriation and negligence at work" punishable by the death penalty.

**Cut 'Em Down to Size**

We've had assurances from New York "businessman" Frank Costello, that any attempt to ban the interstate transmission of gambling information will prove ineffective. Professional gamblers, asserts the suave Costello, can easily develop other methods to stay in business.

We agree there is more than one way to skin a cat. And we aren't so naive as to believe a law on the books will abolish all gambling. How can you keep a man from putting a bet on his favorite ball club or hay-burner?

But there is something the interstate ban might accomplish. That would be to take the gambling trade out of the realm of "big business" and keep it on the local level. Too many sharpies have gotten too big for their boots.

**Animal Crackers**

Here and there it's still possible to find a news item that isn't related in some fashion to the Korean war, mobilization, and the menace of Russia.

For example, Mr. James Monesmith of Dayton, O., is back from the Egyptian Sudan with a cargo of rhinoceroses, leopards, cheetahs, crested rats, a vervet monkey, two galages (whatever they are), and a couple of ant-eaters.

Monesmith reports that he tamed two rare white rhinos so well he can now ride them bareback. He also has had some success in weaning ant-eaters away from an insect diet to a new secret formula. Seems like there'd be more percentage in letting them eat ants and maybe selling them as auxiliary picnic equipment.

**Little Thailand Shows the Way**

The United Nations' request for ground troops to help U. S. forces in Korea produced a neat bit of irony.

The first firm offer of foot soldiers came not from countries like Britain, France or populous India. It came from tiny Thailand in Southeast Asia.

Thailand is so situated that were the Communists to strike successfully from China down through Indo-China, she would almost surely be engulfed. This vulnerability has made her willow—up to now—in her resolve to resist the Reds.

But the UN stand against North Korean aggression seems to have stiffened her resolve remarkably. Many nations with much less immediately at stake could learn from Thailand's example.

**Moscow's "Just Looking"**

The Motion Picture Export Association has just announced that the Russians have allowed its trademark to be registered in the Soviet Union. The association admits, however, that this doesn't mean the Kremlin is ready to let the Hollywood influence run loose in Russia.

In the last two years, Soviet officials have "screened" 59 U. S. films without doing anything about it. Their new action, which includes a request for more films to look at, may simply mean the Politburo is lonesome for Betty Grable.

• So They Say

Discrimination is not confined to any one geographical section but has been present in all communities in one form or another.

—William M. Boyle Jr., chairman of Democratic National Committee.

The picayune faith we had before the last two wars solved no problems then and that kind of flabby pioussness won't come close to the needs of this day.

—Dr. D. R. Sharpe, executive secretary of Cleveland Baptist Association.

Polar colonies probably won't have bathing beaches, but atomic heat should insure normal crops and a livable temperature for the inhabitants.

—Prof. Paul F. Chenea, University of Michigan scientist, on creating small temperate zones in polar regions.

The American Legion . . . throws overboard for the duration of the present crisis its advocacy of any new veterans' pension legislation.

—George N. Craig, national commander of the American Legion.

We have got to get into the black and begin to do it now.

—Edwin G. Nourse, former presidential economic adviser.

Matt. 6:5—15; Jas. 1:6

**NINE STEPS IN PRAYER**

While the three steps we have mentioned—Listen, Learn, Obey—are the three general steps in prayer, we must now come to specific steps in the art of prayer. There are nine.

1. Decide what you really want. I would stress the "you"—not a part of "you," a vagrant portion of "you" wandering into the prayer hour as a side adventure. It must be "you," the whole "you." For prayer is not a luxury; it is a life. If you take things from God there will be one result: God will get you, or prayer will cease, blocked by the refusal of self-giving. The request must be backed by you, or the answer will not be backed by God. God cannot give things to you apart from Himself, and you cannot take things from God apart from yourself. Prayer involves a mutual self-giving. Decide what you really want, for if the whole you does not really want it, the prayer is blocked.

2. Decide whether the thing you want is a Christian thing. God is a Christlike God; His actions are Christlike actions; and He can answer prayer only if the thing desired is in accord with Christ. That is what Jesus meant when He said, "If ye shall ask anything in my name . . ."—in my character, according to my spirit. Don't try to get God to do something that isn't Christlike. He can't for He can't do something against His own nature. Within that limit He gives you freedom to ask "anything."

3. Write it down. The expression will deepen the impression. I find that to write down a thing is almost destiny. I think I will change it; but once written, it is almost impossible to change it. With Pilate we say, "What I have written I have written." If you are willing to commit your prayer to paper, you probably really mean it. In writing it down you do two things: You write it more deeply on your own heart; you commit yourself more fully to a line of action. To write it down is one step in self-committal.

4. Patient Christ, my feet stumble on this pathway of prayer. I am learning to walk—help me over the hard places. For I would learn this art. This is life, and I must learn it. I begin to feel I can do anything in and with Thee. My liberties are dawning. I thank Thee. Amen.

**Music Recital At Longwood**

Mrs. John Alexander, of Longwood, presented her music students in a musical recital at her home Tuesday evening. The program was as follows:

"Long, Long Ago," "My Papa Waltz" and "At School March," by Mary Ann Smith, piano solo; "Rose Mary," "Face to Face," "Country Gardens," "Summer Evening Schottish," "Hymns," "What a Friend We Have in Jesus" and "Jesus Keep Me Near the Cross," by Beverly Taylor; piano solo, "Nations Recall March," "Angel Turtlet Serenade," "The Whippoorwill's Song" and "When the Blue Moon Turns to Gold Again," by Anna Jane Butterwick.

Those who were in the class who were unable to attend were: Mrs. Junior Nichols, Robert Wayne Nichols and Lois Ann Smith.

Refreshments of fruit punch and white cake were served to: Mrs. Ervin Smith and children, Mary

# Social Events

Mr. and Mrs. J. R. West, 1317 East Fifth street, announce the engagement and approaching marriage of their daughter, Patricia, to Mr. William Knight, Jr., son of Mr. and Mrs. William Knight, 1500 South Missouri avenue. The marriage will take place August 27 at the First Baptist church. The Rev. Thomas W. Croxton will perform the ceremony.

Members of the H. D. D. club spent the week end at the home of Miss Mary Frances Hayes, daughter of Mr. and Mrs. William Hayes, of Beaman. Part of the time was spent taking photographs of surrounding scenery. Those attending were: Misses Patricia Thomas, Ethel Naught, Georgia Burnett, Arlene Snavely and Miss Hayes. Sunday guests were William Hayes, Jr., and Robert Bennett.

Mrs. Cline Cain, 821 South Missouri avenue, was hostess at a dessert bridge honoring her sister, Miss Elizabeth McLaughlin, of San Francisco, Calif., and Miss Marjorie Chipman who is to be married in the near future, Friday afternoon.

Among the out-of-town guests were Mrs. Keith Jones of Warrensburg, Mrs. Charles Simpson and Mrs. William Seelen of Kansas City.

Miss Chipman and Miss McLaughlin were presented with hostess gifts.

The high bridge award went to Mrs. Maurice F. Hogan; second to Mrs. Keith Jones and consolation to Miss Josephine Chipman.

Mr. and Mrs. J. H. Roberts, 410 Wilkerson, had a family reunion Sunday at their home.

Guests were, Mr. and Mrs. Robert Roberts, and Mr. and Mrs. J. C. Roberts of Kansas City; Mr. and Mrs. Joseph Roberts and children, Patty Jo and Jimmy Ed, of Tuscola, Ill.; Mr. and Mrs. Herman E. Colvin of Warrensburg; Mr. and Mrs. C. R. Roberts and sons, Jack and Charles; Mr. and Mrs. B. K. Roberts and son, Tommy, and Charles Kemp.

Those unable to attend were Mr. and Mrs. R. B. Harkins of Liberal, Kas., and Misses Ann and Roberta Rogers of Warrensburg.

## Church News

Mrs. L. A. Johnson's group of the First Baptist church entertained the class with a morning coffee at the home of Mrs. Johnson, 210 South Quincy avenue, Thursday morning.

Melon juice, coffee, sweet rolls and doughnuts were served during the morning.

Mrs. O. A. Potter, chairman of the nominating committee presented the following officers for the year: President, Mrs. George Curran; enlargement, Mrs. Emmet Steele; secretary, Mrs. Earl Brandstetter; assistant secretary, Mrs. Terry Pile; fellowship, Mrs. Jim Reed; class ministries, Mrs. Hugh Young; Mrs. Gordon Strain, and publicity, Mrs. Everett Keele.

Mrs. Johnson was assisted by Mrs. George Curran and Mrs. Earl Brandstetter.

There were 25 present. Mrs. Ralph Guenther, of Fort Worth, Tex., a former member of the class, was a guest.

The Dorcas Circle of the Immanuel Evangelical and Reformed church Women's Guild met Thursday, August 17, at the home of Mrs. R. R. Ramlow, 1301 West Fourth street with ten members present.

Mrs. L. H. Bahrenburg was assisting hostess.

Mrs. Ernest Liebel led a service of worship on "Work" as taken from the book, "The Prophet," by Kahlil Gibran, who says "Work is love made visible."

Mrs. Liebel continued the review of the study book, "In the Direction of Dreams" by Violet Wood, dealing with work campers in industry. The value of such a camp is in the fact that the campers are struggling with their

## Birthday Parties For Kitty Sue Cairns

Mrs. Pete Cairns, 1102 East Broadway, entertained with a surprise party Friday afternoon at Washington park in honor of the sixth birthday anniversary of her daughter, Kitty Sue. The afternoon was spent playing games with awards going to Deloris Gwinn and Jimmy Cairns.

Refreshments of ice cream was served with angel food cake, icing in white and decorated in pink and lime green. As the honoree lighted candles "Happy Birthday" was sung by the following guests: Sandra Moon, Barbara Pressley, Deloris Gwinn, Eunice and Susie Standard, Peggy Craig, Charla and David.

Kitty Sue Cairns was honored Thursday by her grandmother, Mrs. James Coates, with a dinner honoring her sixth birthday anniversary. Guests were, Mrs. Robert Forsberg and son, Terry, Richard Coates, Mr. and Mrs. Pete Cairns and children, Johnny, Jimmy and Kitty Sue.

## Reunion Dinner At Liberty Park

On Sunday, August 13, a dinner and gathering was held at the Liberty Park honoring Mr. and Mrs. Herschel Smith and family and Mr. and Mrs. Tommy Smith and daughter of Corpus Christi, Texas. Those attending are as follows:

Mr. and Mrs. Herschel Smith and children, Billy, Darlene and Dorothy; Mr. and Mrs. Tommy Smith and daughter, Diane, of Corpus Christi; Mr. and Mrs. Minor Neale, Chicago; Mrs. Stanley Bolton and sons, Billy and Donnie, Debuque, Iowa; Mr. and Mrs. Vern Neale and daughter, Agnes, and Mrs. Marguerite Karraine, Slater; Mr. and Mrs. Ralph Stewart and daughter, Joyce, and Mrs. Tom Neale, Green Ridge; Mr. and Mrs. Monroe Neale and daughter, Anne, of Syracuse; Judy Mae Page of Ottumville; Mr. and Mrs. N. A. Cook, Mr. and Mrs. Monroe Cook and son, Gary, Mr. and Mrs. Ernest May, Jr. and son, Bobby, of Smithton, Mr. and Mrs. E. F. Hall, Mr. and Mrs. James Hall and family, Mr. and Mrs. Vernon Carrice and daughter, Donna Kay, Mr. and Mrs. Eugene Tomlinson and family, all of Sedalia.

At the noon hour the group enjoyed a contributive dinner, but shortly after were forced to shelter due to the rain and they moved to the home of Mr. and Mrs. Vernon Carrice where the afternoon was spent in conversation.

Check-Up on Injuries  
Mr. and Mrs. John Beaman, Sr., and Mr. and Mrs. John Beaman, Jr., and little daughter, Sharon, went to Kansas City Wednesday. John Beaman, Jr., went for a check-up of injuries received in February. Mr. and Mrs. John Beaman, Sr., visited with their

felloman not against him. In the large scale industry of today there has been taken from many workers lives the meaning of love, of selfhood, of work, of life itself.

## Striped College Girls Met at The School

The Striped College 4-H Sewing girls I and II met at the school for the sixth meeting this summer. During the afternoon the girls sewed on some of their articles.

After the meeting refreshments were served by Mary Jo Moriarty. The next meeting will be in September.

## Demonstrations Given In Woodwork

The Striped College 4-H woodwork class met for three evenings at the home of Tony Larson. They were spent working on individual articles of woodwork. Demonstrations were given by Jimmie Hunter, Tommy Leiter, C. L. Hunter and Tony Larson. The next meeting will be August 28 after the softball game. All members are to bring their woodwork books.

## NEW, MIRACLE ELECTRONIC EAR HIDES DEAFNESS

CHICAGO, (Special)—An amazing new electronic ear which hides deafness and transmits even whispers with startling clarity, has been revealed by a noted Chicago electronic scientist.

He disclosed that this miraculous new discovery has rendered old-style hearing aids obsolete almost overnight, and brings new hope to the 15 million persons in the United States who are hard of hearing.

He reported that this electronic ear enables the deaf to hear without any button showing in the ear and without dangling battery wires.

To acquaint the hard of hearing readers of this paper with this new miracle electronic ear which hides deafness, full details are described in a fascinating booklet, "New Discoveries to Help the Deaf Hear."

It will be sent free in a plain wrapper to anyone who requests it. Address: Electronic Research Director, 1450 West 19th Street, 9513 Belmont Building, Chicago 8, Ill. A penny postcard will do—Adv.

# Pettis County Farm and Home News

## Election by Agricultural Class of 'Vets'

Name William Williams as New President

By Joe Frownfelter

The veterans agricultural class of Smithton held its semi-annual election of officers during their recent class period. Joe Frownfelter, the retiring president has been re-elected class reporter and William Williams, the former secretary-treasurer, has been elected president. Wallace Cole has taken over the vacancy left by William Williams.

It should be of interest to non veteran farmers and city dwellers as well, to know the real truth regarding the program of the "Institutional on the Farm Training" for the veterans attending the vocational agricultural class in Smithton. In order to receive this training, the farmer is required to be an honorably discharged veteran of World War II. This does not mean that the veteran must have been in combat to receive this training.

The second requirement is that the student must have the necessary tools and implements to perform his farming operations. He must also be able to operate on a large enough scale to work a minimum of two-thousand hours on the farm during his school year. He must attend class two-hundred hours yearly. Forty-eight hours are spent in group instructions (demonstrations).

The class instructor is required to spend four hours each month at the veterans farm. This time is spent in checking the veteran farmers farm operations and his record book. The instructor assists the student in every way that will help him better his time and his labor such as laying out waterways, terraces, building improvements and crop planning.

**Tests and Fertilizing**  
The student is required to test his soil, fertilize and lime his fields according to these soil tests. The student uses the University of Missouri's recommendations on oats, wheat and other field crops. He must put to use the approved practices regarding his dairy herd, hogs, sheep, beef herd, and crops. He must keep a complete set of farm income and operating costs, and show an increase in capital investment at the end of each year during his training period, the maximum being four years.

Regardless of his work on the farm, he is required to be at each class meeting that is held. Illness is an excused absence but if the student has four unexcused absences during any twelve month period, he is automatically interrupted from training. A tardy is the same as an absence and it is necessary that each student must be on hand at roll call.

The rate of pay for a student is sixty-seven dollars per month, for the married student the pay is ninety dollars plus, \$750 for first dependent. The pay that the veteran farmer receives appears to have caused adverse criticism against the farm training program. The improvement that has been made on the soil by these veteran farmers should convince all concerned that it was time that some one should put life back into the tired soil of many Pettis county farms. And, those tours in Europe and the Pacific made by these veteran-farmers were not made for pleasure.

## Method For Freezing Of Corn

Why not freeze some ears of corn now to have for special meals next winter? Corn frozen whole grain or cut cream style is also good.

It is important to freeze corn immediately after you pick it, according to Lillian Watkins Home Agent. This saves the sweet natural flavor. Blanching the corn the right amount of time is another thing that affects the flavor of frozen corn.

It is important to take care in timing the blanching of the corn. If you don't blanch it enough it will have a musty, cornmeal, or cobby flavor. But if you blanch it too long you will lose a lot of the flavor.

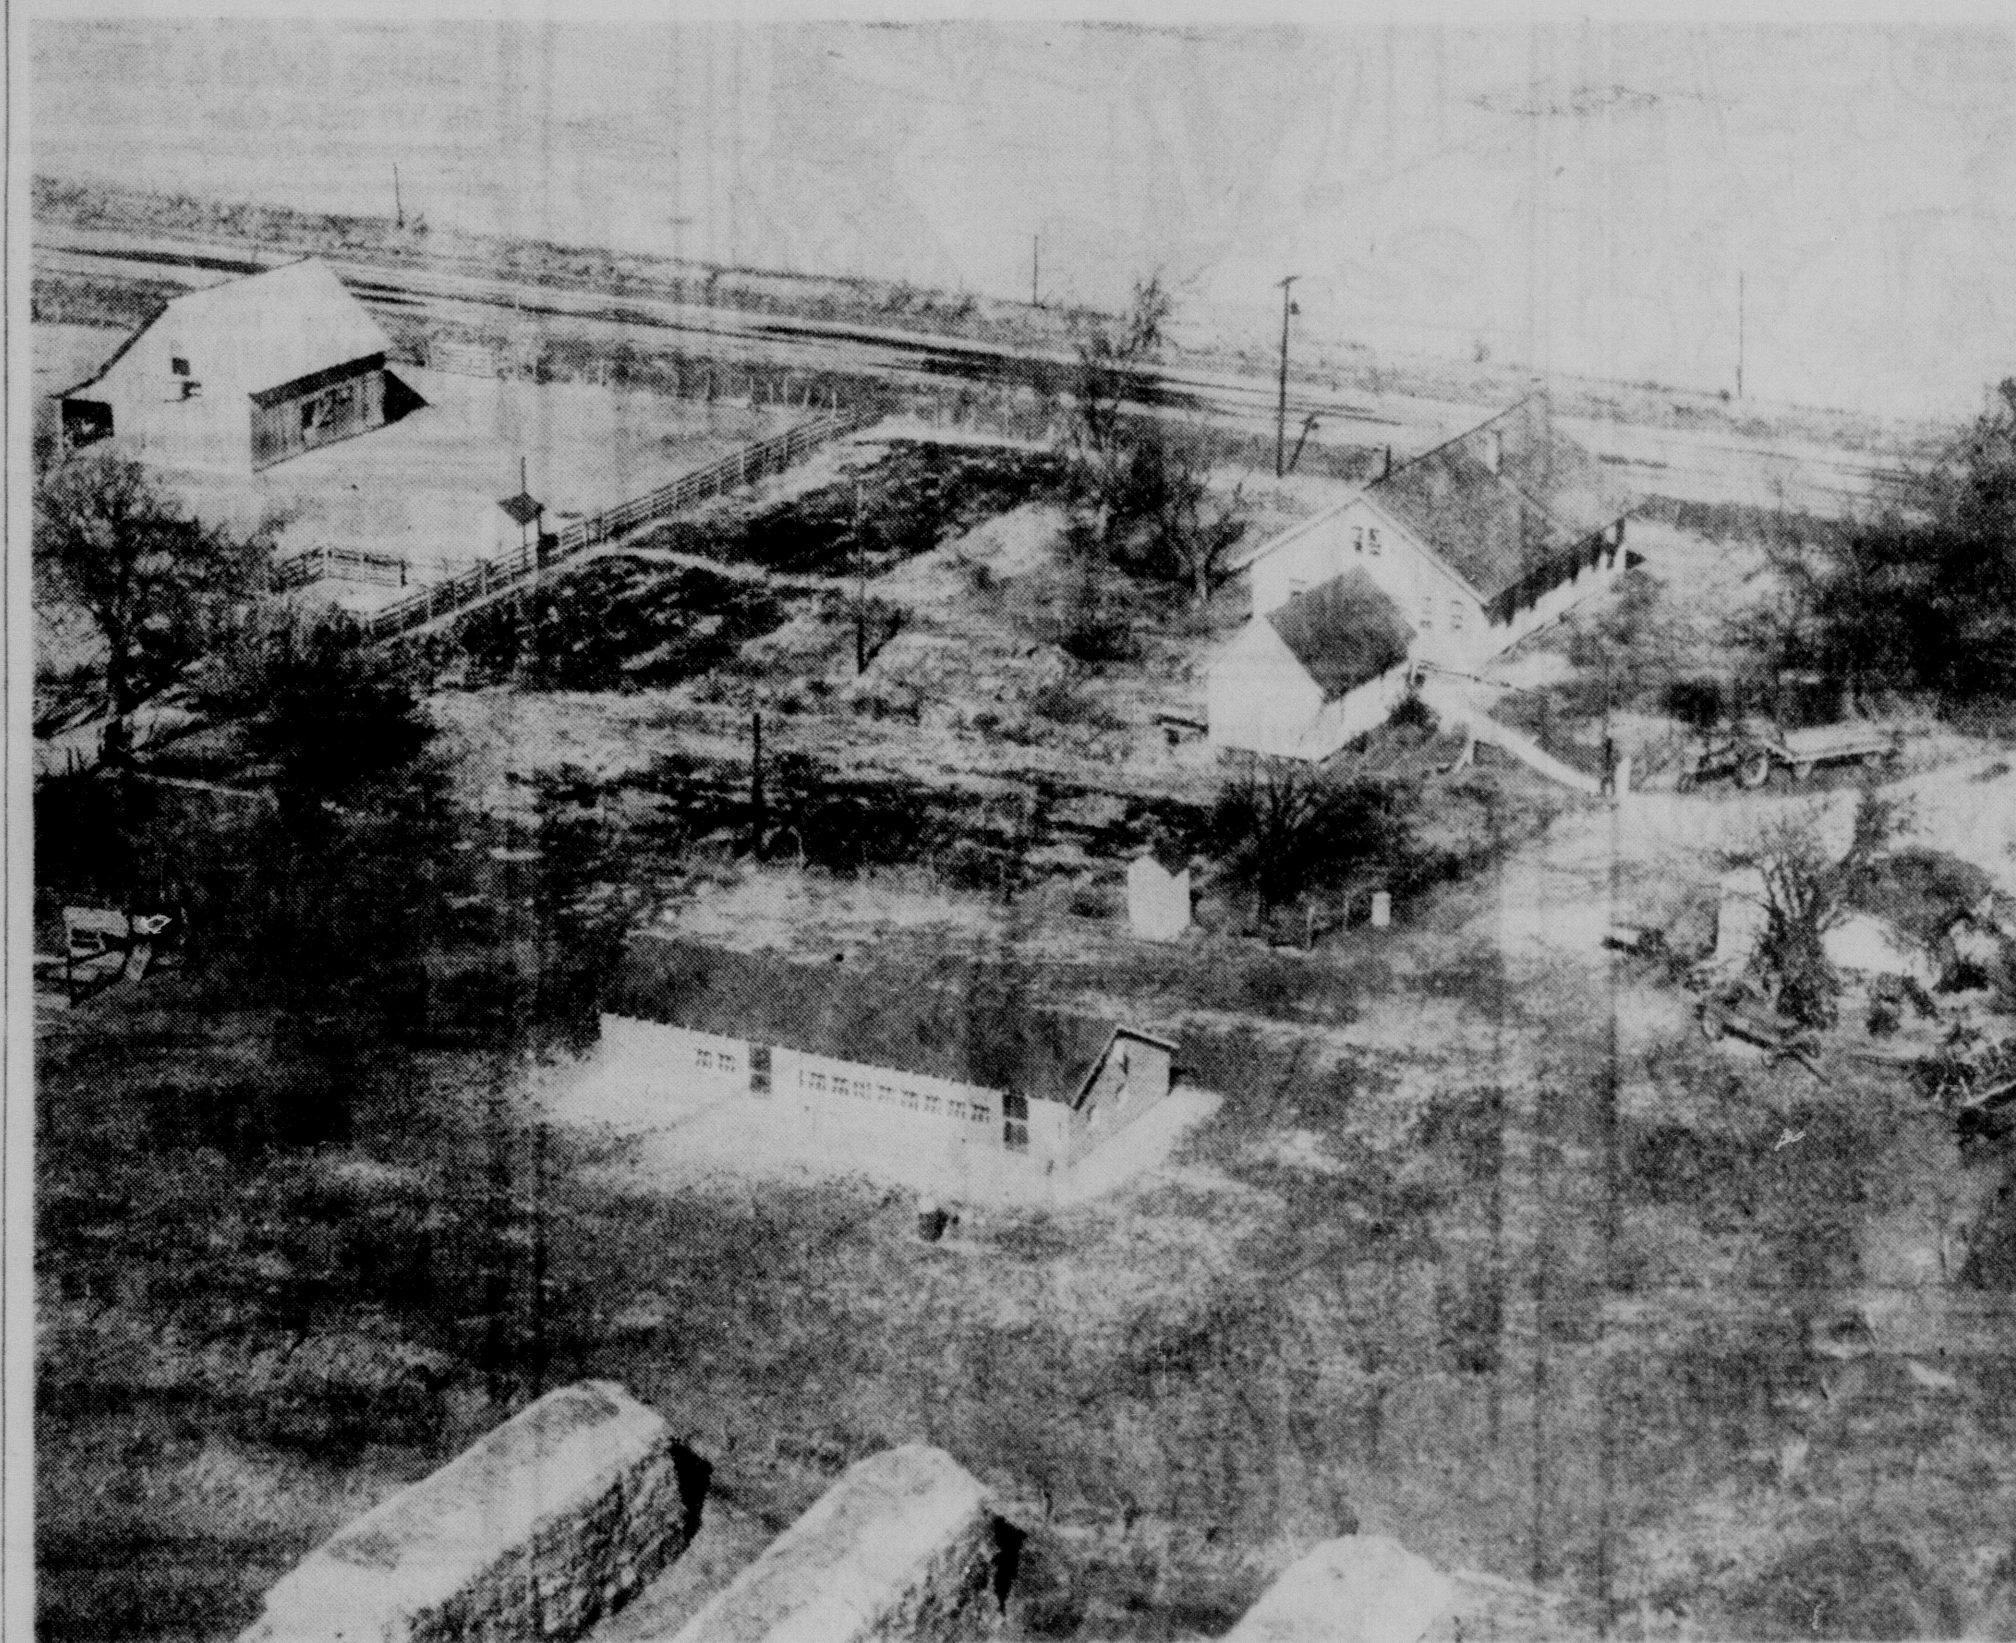

If you're freezing corn on-the-cob, blanch it eight to ten minutes in boiling water, depending on the size of the ear. Blanch corn cut off the cob for four minutes. That should be long enough to heat through the kernel.

Blanch only a small amount of corn at a time for you can handle this faster. Right after blanching cool the ears in iced water until the cob is cold. Blanch the corn on the cob even if you're freezing it cream style. Cut kernels off the cob after it is cool. Pack the corn dry in moisture resistant packages.

You can keep whole-grain corn longer than cream style. Corn on the cob should be kept the shortest time of all.

## Mystery Farm Pictures in Central Missouri---

Is this your farm?

Most of the readers of the Democrat-Capital have been following this series of weekly Mystery Farm Pictures with considerable interest.

The pictures that appear in this space in Monday's Democrat and Tuesday morning's Capital were taken sometime ago by an aerial photographer. The pictures were not shot with the knowledge of whose farm it was. It was a random job; a picture here and a picture there.

To date there have been over sixty-two Mystery Farm Pictures published, most of which have been claimed by the occupants and owners of the various farms. Yours may be next. Watch for it!

## Nutrients for Production of More Milk

Proper Feeding Brings About Big Advantage

Good permanent pastures resulting from soil treatments based on tests combined with a seeding of proper mixtures of grasses and legumes at proper rates of seeding as suggested recently by the County Extension office can be cashed in on only by the utilization of this feed by livestock that has the ability to convert this feed economically into the finished product of meat or milk.

This article written by the Extension office deals with the utilization of this feed through dairy cows.

Cows producing about 200 pounds butter fat per year or about 17 pounds of 4 per cent milk per day for 305 days, need approximately 60 per cent of their total feed nutrients for body maintenance. This leaves only 40% for milk production. However the average cow in the best herds in D. H. I. A. which produce about 435 pounds of butterfat yearly on an average of about 36 pounds of 4% milk daily for a 305 day period, need only about 40 per cent of total nutrients for maintenance leaving 60% for milk production. For this reason, high producing herds produce 100 pounds of milk at a lower feed cost of feed nutrients.

**Digestible Nutrients**  
The highest authority on feeding is the book "Feeds and Feeding" by Morrison. This shows that the requirements of a 1000 pound cow as 7.9 pounds of total digestible nutrients (T. D. N.) for maintenance and 32 pounds of T. D. N. for each pound of 4% milk produced. Computed for a hundred pounds of milk, this means that the average cow of the state requires 78 pounds of T. D. N., while the cows in the better herds produce 100 pounds of milk for 54 pounds of T. D. N., a saving of 30%.

In the one case, six acres of land would be required to produce a given amount of milk, while the better herds would produce the same amount of milk on four acres of land. The labor required by the better herds per 100 pounds of milk would be less than half that of the average herd.

It is well to review the important advantages of high producing cows. The following shows nutrient requirements per 100 pounds of 4 per cent milk for a 1000 pound cow at different levels of production and other general requirements. Dairymen may find this useful in checking the feed provided for their herds. In general these figures give the advisable feeding rates under most conditions. The minimum would be about 90 per cent of the rates given.

The daily T. D. N. requirements for maintenance for an 800 pound cow is 6.5 pounds; for a 1000 pound

## Excellent Progress is Made Through Balanced Farming

Members of the 1950 Balanced Farming Association continue to make progress with their plans.

**Water Management**  
Terrace lines have been staked recently at Wm. J. Lamms and Russell McFatricks and Overstreet-Zinns. A contractor is building terrace outlets at Ivan Berry and other contractors have been contacted regarding building outlets or terraces or both at Walter-

cow its 7.9 pounds; for a 1200 pound cow etc., 9.3 pounds; for a 1400 pound cow is 10.6 pounds. The T. D. N. requirement for a pound of 3% milk is .30 pounds; for a pound of 4% milk is .32 pounds; and for 1 pound of 5% milk is .37 pounds.

**Effect of Level of Production On Feed Requirements**

Suppose we compare 3 cows whose milk tests 4%. If one of these produces 205 pounds fat per year the daily pounds of T. D. N. required is 7.9 pounds for maintenance and 5.44 pounds for milk or a total of 13.34 pounds. This is 78 pounds for 100 pounds of milk. A second cow produces 330 pounds fat per year. Her daily T. D. N. requirement is 7.90 pounds for maintenance and 8.64 pounds for milk or a total of 16.54 pounds. This is 61 pounds for the production of 100 pounds milk. Now a third cow producing 435 pounds fat per year requires 7.90 T. D. N. for daily maintenance and 11.32 pounds for milk or a total of 19.44 pounds.

She produces 100 pounds milk for 54 pounds T. D. N. The third cow pays her owner 46% more for the feed she eats than the first cow and 13% more than the second cow. If some of these figures seem complicated just remember the one preceding sentence.

High net returns per cow, like high net returns per acre, puts money in the pocket and makes it possible to secure good profits at lower price for milk, says the extension agent.

Build up YOUR SOIL with

## Would Your Farm Pass A Physical?

Emphasis Is Still Being Stressed On Conservation

Since the production of food is so important in the current world situation, the Pettis County Production and Marketing Administration Committee urged every farmer of the county to ask himself, "Would my farm pass a physical?"

"If all the farms of Pettis County were given notice to report for service, how many would be in Class 1-A and how many in 4-F?" "Are they physically fit or are they anemic, washed out, gullied, and unfit for either military or civilian service?"

With these pointed questions, the committee calls attention to the vital part the nation's farms have in any program of national mobilization.

On the reassuring side, he calls attention to what many of the farmers of Pettis County have been doing through cooperation in the Agricultural Conservation Program to keep their farms prepared. This year, 1950, of the Pettis farms in the county are "signed up" to carry on soil conserving and soil improving practices.

The Agricultural Conservation Program has been in operation in Pettis County since 1936. From 1936 through 1949, farmers of this county have carried out soil and water conservation practices as a means of keeping their farms "prepared" and "physically fit." Their fields have been limed, some of them during this thirteen year period have had second and third applications of limestone. The majority of the farmers use complete fertilizers on their small grain crops with grasses and legumes. Fields which had become worthless so far as production of crops is concerned have been brought into good production through the use of limestone and fertilizer together with seeding of legumes and plowing under of clovers for green manure crops, all of which have replaced to a great extent the necessary elements for food production while at the same time erosion has been retarded by heavy growth on the land.

In 1936 very few farmers in Pettis county were building standard terraces on their farms, but each year saw an increased number of farm owners interested in protecting their soil from erosion by the use of terraces until in 1950 terraces are being constructed, or waterways built in preparation for terraces, on one out of every 11 farms in Pettis county. During these years of increased

If you see your farm in the Mystery Farm space, come in and claim your picture at the Democrat-Capital news room on the second floor of the Democrat-Capital building. No strings attached, it's yours for the asking

Merle Vaughan was talking to Mr. Petty about the renovation of permanent pasture. Roy pointed out a small lot (2 acres) that he didn't need for pasture last fall and said, "I'd like to work it according to recommendations and see what it will do."

The field was limed, fertilized and seeded to orchard grass, ladino clover and timothy but the seeding date was quite late. Very little ladino clover came through the winter so Mr. Petty added 1 pound of ladino and 10 pounds of lespedeza per acre this spring. However the lespedeza hasn't had much opportunity to grow.

After the timothy and orchard grass headed, Mr. Petty pastured the field down. When it grew up again, he cut 1½ tons of hay per acre. It has now grown up again and he is using it for night pasture for his dairy cows.

## Now Time To Lime The Land

Farmers of Pettis County are advised to lime their land any time now, even though it may be a short time or several months before the field will be seeded to legumes. According to the Pettis county PMA committee and soil specialists, lime is most beneficial when it is thoroughly mixed with the soil and it has a better chance to become mixed after a number of cultivations.

Limestone producers in Pettis county are in a position to make delivery of orders immediately upon receipt. The committee suggests that if farmers take delivery of lime in the summer and fall instead of only in the spring, it will help spread out the operating load for lime crushers, increasing their efficiency and reducing costs.

Information secured last winter through the Farmers' Conservation Program clearly indicates that each farmer has his own particular problem of soil erosion and his own plans for combating this problem. With the assistance of the PMA Program and the special ACP funds allotted, many of these farmers are seeing their plans become realities.

The committee explained that only a small amount of the "set-aside" has not been committed and they encourage farmers to join

call at the county office to make their request if they wish assistance to aid them in carrying out one or more of the five "special" practices before the end of the program year, December 31, 1950. This is a good time to make that long awaited start at protecting the soil for future years—for the farmer who, unknown to us, will some day be producing food on these same farms for his generation.

## At Last! It's Now Possible To TREAT THE CAUSE of YOUR NEURITIS ACHES and PAINS

Commonly Referred to as RHEUMATIC PAINS  
Due to Vitamin B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron Deficiencies

A Big Improvement Is Often Noticed Within a Few Days' Time!

We are delighted to tell the readers of this paper about the wonderful new treatment which is bringing such radiant hope to such sufferers. Because now you no longer have to go on taking products which merely bring you temporary relief from the cruel, stabbing neuritis aches and pains, when the real cause is because your system is deficient in the important vitamins B<sub>1</sub>, B<sub>2</sub>, iron and niacin.

Now, thanks to the wonderful new HADACOL treatment, you can get right after and remove the cause of these miserable aches and pains — often called rheumatic pains — due to such deficiencies.

**Sold On A Strict Money-Back Guarantee**

HADACOL supplies deficient systems not only with extra quantities of vitamins B<sub>1</sub>, B<sub>2</sub>, iron and niacin but also helpful amounts of precious calcium, phosphorus and manganese — elements so vital to maintain physical fitness. Remember, if you suffer from such deficiencies which are causing your pain — there's no medicine, drug or treatment that will relieve this deficiency condition except the taking of the vital elements found in this HADACOL formula.

HADACOL is sold on a strict money-back guarantee. You must be delighted with results or your money back. Treatment costs only \$1.19 for 1<sup>st</sup> size. Large family or hospital size, \$3.39.

These Are Just a Few of Thousands of Letters From Folks Who Once Had Such Deficiencies

Mrs. I. C. Arnold, 828 N. Utica, Tulsa, Oklahoma, writes: "I had suffered with neuritis aches and pains and a general run-down condition. I could neither sleep nor rest. I had tried everything, but nothing helped me so I really wasn't expecting help when I bought HADACOL. Imagine my surprise when I have taken only half a bottle and feel like a different person and my entire outlook on life is much brighter."

From Mrs. Nancy Fair, Box 75, Sweet Home, Arkansas: "HADACOL has helped me so very much. I had neuritis pains in my hip and knee. I am now able to do my work and still feel well afterwards."

Jack Woods, Box 227, Indian Town, Florida, says: "I sure thank you for your fine HADACOL. My arms and legs always hurt me from neuritis pains. I could hardly do anything. I could not sleep at night. But I took only 3 bottles of HADACOL and I work 10 to 14 hours a day. My arms and legs never hurt me anymore. Anyone who wishes to know about HADACOL I will be glad to tell them how it has helped me. I feel better than I have in 5 years."

## Five Hundred At The 4-H Show of Stock

Swine, Cattle, Sheep and Poultry Fine Exhibit

(By Bryan M. Phifer)

Eighty-one Pettis county 4-H club members exhibited 218 head of livestock and 12 pens of poultry at the second Annual Pettis County 4-H Livestock Show held Friday. Approximately 500 people watched these boys and girls show their animals and birds which they raised in their 4-H livestock, dairy and poultry projects. The show, sponsored by the Pettis County Farm Bureau and held at the Missouri Pacific stockyards in Sedalia began at 10:00 a.m. with the swine being exhibited first.

One hundred and two head of swine were shown by the 4-Hers during the morning as well as the poultry classes. In the swine division there were entries in the Duroc, Spotted Poland China, Hampshire, Chester White, Berkshire, Poland China and Yorkshire breeds.

### Swine Show Largest

The swine division, with the largest number of entries, was composed of three classes, junior boar pigs, junior sow pigs, and fat pigs. Numerous outstanding animals were shown in this division. In the Chester White breed, 9 blue ribbons were awarded out of 12 pigs shown. These outstanding animals were shown by Willis and Lyonel Charles, sons of Mr. and Mrs. Cyrus Charles of the Elder Ridge-Oak Grove club.

Twenty-five head of sheep were shown following the swine judging. The sheep division was composed of classes of aged ewes, ram lambs, and ewe lambs of the Hampshire, Corriedale, Oxford, Shropshire, Southdown and western crossbreeds. Out of the 25 entries 16 were judged as blue ribbon winners which attest to the quality of animals shown in this division.

The judge of the livestock entries, E. M. "Smokie" Woods, commented on the outstanding quality of two western crossbred ewe lambs shown by Helen Rugen of the Lamine 4-H club, two Southdown ewes exhibited by Emmett Fairfax of South Abell and a ewe lamb shown by Larry Gorrell of the Van Natta club.

### Dairy Cattle Exhibit

Forty-eight head of dairy cattle of the Jersey, Guernsey, Holstein, Brown Swiss, and Milking Shorthorn breeds were shown in the dairy classes. The largest class in this division was the Jersey heifers of from 8 to 12 months with 12 calves shown. In the Guernsey junior yearling heifer class two outstanding dairy animals were exhibited by J. D. Schlobohm of the Oak Grove club and in the Holstein, 8 to 12 month class Olen Monsees, Jr., of Smithton, showed an outstanding heifer. The dairy judge, M. J. Pat Regan, spent considerable time pointing out the dairy character of these animals. The 48 dairy animals and their owners presented a beautiful picture as they were lined up for a group picture.

The beef division was second in number of entries with 48 animals being shown. The largest class in the beef division was the baby beef with 30 animals of the Angus, Shorthorn and Hereford breeds shown by 4-Hers. This fine exhibit of fat beef steers had 9 blue ribbon and 9 red ribbon winners. In the Angus breed, 6 of the 10 animals shown were judged as blue ribbon animals. The livestock judge selected the baby beevies shown by members of the Longwood Neighbors 4-H club as the outstanding club exhibit of beef.

Several nice breeding heifers and aged beef cows were also shown in the beef division with 13 heifers and 5 cows being exhibited.

### Poultry Division

In the poultry division which consisted of pens of production birds and market birds six 4-Hers exhibited 36 birds. The exhibits of Burton and Leonard Ives of the Pacific club and Alice Lang of the Pleasant Green club were

## Special Delivery by Lee Priestley

COPR. 1950 BY NEA SERVICE, INC.

The little Pekinese, feeling left out of the fun, leaned out of Mrs. Muchmore's clutch and bit Roger Blessen.

In the last batch of rental books, The writer of "So You Think You Don't Overeat" said fat people, especially women, firmly believe they have glandular trouble that makes them take on the extra tonnage. He claimed most fatties believe they don't overeat because they refuse to remember the snacks they tucked away between meals that add the extra pounds.

I saw Mrs. Muchmore look up at Betsy's aunt came by the booth. "Hello, Myra," she called. "Won't you join me?"

Miss Myra Sharpe looked at the super-sundae the soda boy slid in front of Mrs. Muchmore as if she thought it might explode. "How can you eat that awful mess, Grace?" She sat down opposite. "Icey tea, no sugar and two slices of lemon," she told the boy, looking as sour as her drink would be. "Grace, you shouldn't."

"You're probably right," Mrs. Muchmore agreed placidly, spooning into the sundae. "I've given up candy and all other desserts, but not ice cream yet." She eyed Miss Myra's angular figure. "As long as we're playing a game of Truth, you could do with some padding on your bones. If you'd eat more, it would do you more good than all those extracts and vitamin pills you take."

"But I don't like milk or liver, or fruit juices," Miss Myra said. Then she went back to Mrs. Muchmore's poundage. Miss Myra's specialty is solving other people's problems. "There's candy on the desk in your morning room," she said accusingly. "I saw some in that cranberry glass jar when I dropped in yesterday."

"I keep it for Ching," Grace Muchmore looked fondly at the languid little dog sitting beside her and Miss Myra looked like she'd love to use a fly swatter on him. "If Ching eats his good whole-some dinner he gets one piece for being a good boy. But I never eat candy myself any more."

MISS MYRA SHARPE let her eyes underscore Grace Muchmore's well rounded curves. "Well, if I never eat candy, you certainly shouldn't," she said bluntly. "Grace, about that Youth Center committee. Now if I were you—"

I left them there. "If I were you" was in Miss Myra's mouth as often as her teeth. She knows how anything on earth should be handled and she does on making people uncomfortable and unhappy

of Missouri; and poultry: George Bagby of Marshall. Exhibits to Fair

Many of the 4-Hers took their animals to the State Fair grounds immediately after the county show where they will be shown on Monday, August 21.

This 4-H show, held in conjunction with the annual 4-H achievement day held Wednesday and Thursday, was made possible

for their own good. I often wondered how my cashier Betsy stood it. She lived with her Aunt Myra, who was devoted to Betsy—that is, she devoted plenty of time to bossing the kid. There were just the two of them since the old Captain, Miss Myra's father, had died of a heart ailment a few months back.

I had the vitamin pills for Ching already packaged, but I put them in one of our special boxes in case Mrs. Muchmore would think anything already compounded would be unworthy of Ching. While I was behind the glass screen in the prescription department, Roger Blessen stopped in with the mail and stood talking to Betsy. When I saw Tom Carson come in with his Seeing Eye dog, I stubbed out my cigarette and went up front. My assistant doesn't come to work till afternoons so I have to work till the customers in the mornings.

MISS MYRA was probably the cause of the uproar that burst out when I was halfway there. I figured later that she had come up to the cash register with Mrs. Muchmore and either didn't see or didn't notice Tom Carson's seeing-eye dog. She probably walked too close, maybe even stepped on the big shepherd's toes. Anyway, the big dog Greta yelped and plunged in her harness.

Miss Myra screamed and Roger Blessen, who had been standing with his back to them, jerked around. Then Ching, the grouchy Pekinese, feeling left out of all the fun, leaned out of Mrs. Muchmore's clutch and bit Roger Blessen, the innocent bystander! Bit him hard, too. A whole mouthful, below Roger's belt and his mailbag.

That would have been bad enough, but Roger flew to pieces like a bottle dropped in a wash basin. He yelled—more accurately screamed—his eyes rolled. For a second, I thought he'd throttle the dog, or the dowager, or possibly both.

Then Betsy flew around the cash register to Roger and I grabbed his trembling arm. The fire died out of Roger's eyes and he shook his head in bewilderment, as if he'd taken one on the chin. Then without a word to Betsy even he slumped out of the store, almost running, his back stiff and his hands doubled into fists.

He was scared to death over a little dog.

(To Be Continued)

Court which contributed money for the event. The Sedalia Chamber of Commerce furnished the ribbons for the show.

## AIR IS CHEAPER THAN GAS

CLEAN CARBURETORS AND AIR CLEANERS SAVE FUEL

Your engine burns about fourteen times as much air as gasoline. If the air flows to it freely, clogged carburetors and air cleaners choke motors. In 5,000 miles of driving your carburetor has handled about 350 gallons of gas, and 1/2 MILLION CUBIC FEET OF AIR.

Drive in today and let us check your carburetor and air cleaner.

## Dr. Rainey To Be Chairman

### Again Head The March of Dimes Campaign In State

Dr. Homer Price Rainey, who led the record breaking 1950 March of Dimes campaign in Missouri, will again serve as State Chairman of the January, 1951, drive for funds to fight poliomyelitis, Basil O'Connor, president of the National Foundation for Infantile Paralysis announced in New York today. Dr. Rainey, a nationally known educator, is president of Stephens College in Columbia.

Dr. Rainey

Under his leadership, the 1950 March of Dimes raised better than 40 per cent more money than the previous record high for Missouri achieved in 1949.

In accepting the chairmanship for 1951, Dr. Rainey praised the leaders in the county chapters of the Foundation throughout Missouri.

"Our excellent showing last year was made possible only by the hard and enthusiastic support of volunteer workers in all of Missouri's 114 counties," Dr. Rainey said.

"We cannot rest on our 1950 laurels, however. While we are all aware of the fine record of gifts to the March of Dimes last year, it is perhaps not so well known that a large portion of those gifts have already been spent to continue care for polio patients stricken in the 1949 epidemic and also this year. Already, a number of Missouri Chapters have exhausted their own funds and a total of \$87,691.90 has been advanced by the National Foundation to these chapters. It will be another six months before the 1951 contributions are made, and we must recognize that other chapters will be forced to call heavily upon the National Epidemic Aid Fund before the year is out."

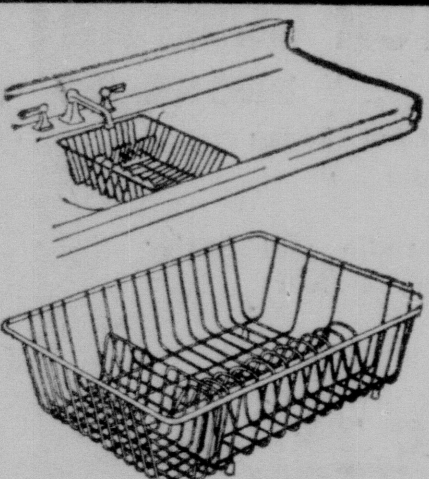

The Sedalia Girl Scouts wish to extend a welcome to all visitors to the State Fair this week. A special welcome is awaiting you at the Girl Scout exhibit building.

## To Business College

Miss Betty Jo Buso, daughter of Mr. and Mrs. Richard Buso of 409 East Harvey, Sedalia, is enrolled at Central Business college. She is a 1950 graduate of Smith-Cotton high school.

A group of Senior Scouts will be on hand during the week to show you through the building and to answer any questions you may have concerning the displays. The following girls will assist the Superintendent Mrs. Kelly Scruton, Dorothy Dick, Ruth Pfeiffer, Sandra Baker, Jean Weimholt, Shirley Phunder, Virginia Miller, Regina Boul, Elizabeth Menefee, Alphonse Miles, Cynthia Mynatt, Charlotte Salveter, and Delores Gossett.

As you enter the building you will see the camp site that has been arranged by members of the Junior Camp Council. Furniture made from tree boughs and lashed together make a rustic background for the tent and camp grounds. This work of tincraft and lashing is a sample of the work done by the girls at Camp. There will be a large display of handwork, weaving, sewing, cookery, and

many other articles which make up the Girl Scout Program field. Mrs. Roger DeWitt of Independence will be the judge for these entries and will be in Sedalia on Tuesday. At the rear of the building will be a movie screen on which colored slides taken at the Girl Scout and Brownie Day Camps will be shown each afternoon at 2:30. The public is cordially invited to see these interesting pictures.

All Girl Scouts are asked to register at the desk in the front of the building for a Girl Scout Sweater that is to be given away through the courtesy of Flower's Dry Goods Store. The drawing will be held on Sunday, August 27th.

Will be looking forward to seeing you at the Girl Scout Building during fair week.
